- Suggested notes**
- > **Serena** wants to look at the product roadmap before she and **Danielle** commit to more feature enhancements.
  - > **Danielle** explains that they are on track for new product release in December. But they will need to keep an eye on beta testing results. She will follow up on that.
  - > **Danielle** explains that they are managing the capacity well. There could be a problem if they get a surge of users. **Babak** is going to double check on that.
- Are these notes useful? 👍 👎

- Suggested tasks**
- **Danielle** will follow up on feature enhancement prioritization
  - **Jon Shammus** will double check with **Amanda** regarding the ETA for the new product

# Meeting Compliance

The screenshot shows a Microsoft Teams meeting interface. At the top, there is a toolbar with icons for Mic, Camera, View, Share, Reactions, Chat, People, Apps, and More. A 'Leave' button is visible in the top right corner. Below the toolbar, there are five video thumbnails of participants: Serena Davis (three instances) and Kat Larson. The main content area displays a slide titled 'VA Design Principles 2019' with the VanArsdel logo and a list of chapters: Chapter 1: WHY DESIGN MATTERS, Chapter 2: HOW TO USE THE GUIDE LINE, and Chapter 3: WHAT IS NEW. A settings menu is overlaid on the right side of the screen, with a red box highlighting the 'Apply a watermark to shared content' and 'Apply a watermark to everyone's video feed' options, both of which are currently turned on.

Who can record ⓘ Organizers and presenters

Enable end-to-end Encryption No

Streaming mode for all attendees ⓘ No

Apply a watermark to shared content Yes

● Watermark is not available for all scenarios, including recording, PowerPoint Live, and Whiteboard. Users joining from unsupported platforms can't see video or shared content. [Learn more](#)

Apply a watermark to everyone's video feed Yes

● Watermark is not available for all scenarios, including recording, PowerPoint Live, and Whiteboard. Users joining from unsupported platforms can't see video or shared content. [Learn more](#)

Don't show attendee names during meeting ⓘ No

Allow attendance report Yes

## Settings for Teams meetings and chats

These settings apply to all Teams meetings that have this label applied.

*i* If you select a setting below, the options you configure will be enforced when the label is applied to a meeting. Users won't be able to change the setting in Teams. If you don't select a setting, users will be able to select it themselves when creating a Teams meeting.

**Control who can bypass the lobby** *i*

People in my org and guests

**People dialing in can bypass the lobby**

**Control who can present**

Everyone

**Control who can record**

If selected, you won't be able to record meetings automatically, apply end-to-end encryption, or apply watermarks.

**Control whether meetings are recorded automatically**

If selected, you won't be able to control who can record, apply end-to-end encryption, or apply watermarks.

**Control end-to-end encryption for meeting video and audio** *i*

If selected, you won't be able to record meetings automatically or control who can record.

**Control watermarks** *i*

If selected, you won't be able to control who can record or record meetings automatically.

**Control meeting chat**

On

**Prevent copying chat content to clipboard**

Some meeting participants will be blocked from copying messages from the meeting chat. Also, additional steps are needed to prevent copying chat content from meetings created in Teams channels. [Learn more](#)
